

Welcome, new member!

**PHD CONVENT OF THE
FACULTY OF CHEMISTRY
AND PHARMACY**

**Empowering PhD students and shaping
the future of our faculty – together!**

Are you ready...?

Welcome! You are now a PhD student at the University of Freiburg— and we invite you to join your PhD Convent of the Faculty of Chemistry and Pharmacy! Never heard of us before? No problem — here you can learn about our work and why joining us might be a good decision for your PhD journey!

...to meet nice people?

In general, the PhD Convent represents all the faculty's PhD students. First and foremost, however, we are a group of motivated doctoral students. We enjoy meeting new people as well as organising cool social events for our fellows. We also listen to problems they encounter during their PhD journey — and help fixing them.

...to shape the future of your faculty?

Doing a PhD is often challenging — but it can also be one of the best times of your life! By joining us, you can take an active part in shaping the PhD experience by representing the political interests of the doctoral students. We are also always open to creative input and new ideas for events — and love to help you realising them!

...to polish your CV?

Still not sure and wondering what is in it for you (beside the cool people and events)? Our work is very versatile. When joining us, you can train your soft skills as well as a plethora of other competences ranging from organisational tasks over design jobs to networking skills. You also gain insight into university-internal processes. By the way, all of this will look great on your CV.

Curious?

PhD Convent

Meetings: every last Tuesday of the month @ 6 pm
Faculty Room Chemistry, Hebelstrasse 27
